

THIS IS A SET OF HARD CUTOUTS PAINTED BLACK THAT HANG BELOW A BORDER (ON THE SAME PIPE). COMBINED WITH A SET OF LEGS, THESE CREATE AN EGGSIVE SPACE SHAPE FOR THE CYCLOTRON. THESE WILL PROBABLY BE 3/4" OR HIGHER - THEY SHOULD BE RIGID ENOUGH TO MAINTAIN THE SHAPES SHOWN WITHOUT CURLING. THEY SHOULD STAKE WELL.

THERE IS A BLACK SCRIM AND ANOTHER BORDER JUST DOWNSTAGE OF THESE.
